Re: Bankruptcy Court for the Eastern District of Virginia – Richmond Division
Circuit City Stores, Inc., et al.
Case No. 08-35653-KRH Doc 11808 Filed 3/30/12 Main Document
Claim Number 6562 2000656201 Date Filed 1/27/2009

Subject: Opposition to the Objection

The objection reads as follows:

"The Trust disputes the basis and validity of this claim in it's entirety. The claimant alleges product purchased in 1997 was not returned from warrant repair work, according to the Trust's books and record, all applicable warranties would be expired. Furthermore, insufficient support was provided to validate the accuracy of the claim."

I wish to oppose all of these points as invalid.

1. The last statement claims that there is insufficient support to validate the accuracy of the claim of \$999.97. This information was provided with the initial claim. Each point will again be substantiated.
2. The issue of warranty repair is irrelevant in that the item was delivered to Circuit City (2951 Watson Blvd Warner Robins GA) for repair and it was not repaired, it was not sent to a repair facility, and it was not returned. The item in question WAS in Circuit City's possession at the time of the bankruptcy. See Attachment 1 for proof of delivery to Circuit City.
3. Second, the item was under warranty. See Attachment 2. The item was covered under a Circuit City Extended Warranty which was in force at the time of the bankruptcy. (Attachment 1 also verifies that item is covered under warranty.)
4. The original item was purchased from Circuit City in 1997. See Attachment 3. The item was in possession of Circuit City at the time of the Bankruptcy. It was not returned. If you disallow the claim, then return the receiver. Otherwise, it constitutes Theft by Taking.

Sincerely,

A handwritten signature in cursive script, appearing to read "Gary Chamberlain".
